PROFESSIONAL SUMMARY

Associate Software Engineer with strong foundation in Java, SDLC, and database management. Experienced in developing and maintaining applications, debugging, and working in Agile teams. Good communication and problem-solving skills with ability to understand client requirements.

PROFESSIONAL EXPERIENCE

(Software Developer Intern) *Aug 2022 – Dec 2023*

Full Stack Developer | Veer Bahadur Singh Purvanchal University, Jaunpur

- Designed, developed, tested, and deployed applications following SDLC. OOPS concepts using Java and JavaScript.
- Developed RESTful APIs using Node.js. Worked with MongoDB for database operations.
- Applied Agile/Scrum practices in sprint-based development. Performed unit testing, debugging, and code optimization.
- Used Git & GitHub for version control and CI workflows. Deployed applications on RENDER/VERCEL.
- Provided application support and participated in maintenance activities during development phases.
- Handled debugging , issue resolution , worked on client requirements, Provided application support.

TECHNICAL SKILLS

Languages: Java(Core Java, OOP, Collections, Multithreading), JavaScript, TypeScript, SQL, Python
Frameworks: Spring Boot, Hibernate/JPA, React, Node.js, Next.js, React Native
Databases: MySQL, MongoDB
Tools & Cloud: Git, GitHub, Postman, Docker, Render, Vercel
Concepts: OOPS, Data Structures, DBMS, SDLC, REST API Development, Exception Handling, JDBC, Design Patterns (Basic), Agile/Scrum), Microservices Architecture

PROJECTS

VShop – E-Commerce Web Application (MERN Stack) *june 2023*

- Developed authentication, product, and order modules serving 50+ test users
- Optimized RESTful APIs, improving response time by approximately 25%
- Implemented JWT-based authentication and followed SDLC best practices

Money Planner – Mobile Application (React Native) *Jan 2024*

- Built a cross-platform expense tracking application with CRUD operations
- Integrated real-time database and implemented modular, reusable components
- Performed debugging and performance optimization

SmartBuddy – Web Application (Next.js) *Dec 2025*

- Designed and developed a modern web-based application using nextjs for automated code analysis an Ai refractor tool.
- Improve code quality detection using rule-based analyasis
- RESTful APIs using Spring Boot and implemented CRUD operations using MySQL and Hibernate/JPA**.**

EDUCATION

Bachelor of Computer Applications (BCA) ***8.1 CGPA***

Veer Bahadur Singh Purvanchal University *2021 – 2023*

CERTIFICATIONS

- **GOOGLE ESSENTIALS GEN AI –** Certificate
  Learn fundamentals of gen Ai, prompt engineering, and practical Ai tools for productivity and problem-solving.
- **ORACLE JAVA PROGRAMMING –** Certificate
  Gained strong understandings of core java concepts, object-oriented programming, and application development.
- **AWS CLOUD PRACTITIONER –** Certificate
  Acquired foundational knowledge of AWS services, cloud concepts, security, and pricing models.
